

PRIVACY NOTICE

Introduction

Barnett Wood Pre-School (BWPS) is committed to ensuring that any personal data held about you and your child is protected in accordance with data protection laws and is used in line with your expectations.

This privacy notice explains what personal data is collected, why it is collected, how it is used and how it is protected.

Whenever we say 'parents' we mean parents and carers. A child is defined as anyone under the age of 18 (or 25 in the case of those with additional needs). The setting's Data Protection Officer is Mark Tiley.

What personal data do we collect?

For the purposes of our waiting list, BWPS collects the minimum amount of data needed to operate the list in accordance with our Admissions Policy. This is limited to:

- Your child's name and date of birth; the parent/carer's name, home address, phone number and email address; whether a sibling has previously attended the setting and whether the child currently has access to a childcare provision.

For the purposes of enrolment, we collect personal data about you and your child to meet our statutory obligations and to ensure we provide high quality childcare. We also collect information to verify your eligibility for funded early education as applicable.

Personal details that we collect about you include:

- Name, address, telephone number, email address, nationality, religion and home language.
- In order to check if you qualify for Working Parent Entitlement funding, we will ask for your National Insurance Number or unique taxpayer reference (UTR), if you are self-employed.
- In the case of Early Years Pupil Premium (EYPP) we also ask for your date of birth, National Insurance number and (if applicable) a National Asylum Support Service number.
- Where necessary we may request bank details to enable us to process refunds

Personal details that we collect about your child include:

- your child's name, date of birth, address, health and medical needs, development needs, and any special educational needs.

We also request details (name and contact telephone number) of two people that the setting can contact in the event of an emergency, if the child's parents/carers cannot be reached.

Where applicable we will obtain child protection plans from social care and health care plans from health professionals.

We will also ask for information about who has parental responsibility for your child. This information will be collected from you directly on the registration form.

Why we collect this information and the legal basis for handling your data

We use personal data about you and your child in order to meet our statutory obligations, provide childcare services and fulfil the contractual arrangement you have entered into. This includes using your data to:

We will never share your data with any other organisation to use for their own purposes.

Your child's learning and development records are maintained by us using Tapestry and you will have the opportunity to download them when your child leaves. Tapestry records will be deleted no more than 6 months after your child has left. Tapestry can restore your child's records for up to 90 days after we have instructed them to delete them.

In some instances (child protection, or other support service referrals) we are obliged to keep your data for longer if it is necessary to comply with legal requirements (see confidentiality and record keeping policy).
